

GRUPO IC BECOMES PART OF LÉON GROSSE

In 2026, Grupo IC becomes part of Léon Grosse, a leading international group in the construction sector. This strategic step strengthens Grupo IC's positioning and consolidates its growth in an increasingly international and demanding environment.

This transaction is based on strong strategic and cultural alignment between both companies, which share key values such as:

- Technical excellence and construction quality.
- Commitment to sustainability and best practices.
- A long-term vision built on strong, lasting relationships with clients and partners.

Becoming part of a family-owned group with 145 years of experience provides Grupo IC with greater support, enhanced capabilities, and increased international reach, reinforcing its ambition to deliver complex projects with reliability, rigor, and a strong customer focus.

"Becoming part of Léon Grosse allows us to accelerate our international expansion in Europe and strengthens our strategic objective of consolidating a leadership position in retail construction in France."
